Clean out your attics, closets and lock boxes, because the Roadshow Starts today in **Yankton**. Roadshow experts will be in town examining antiques, collectibles, gold and silver.

While the Roadshow will accept anything that's old, they will be focusing on gold and silver coins made before 1964, military items, toys and trains, musical instruments, pocket and wrist watches. Scrap gold is expected to be a popular category this week due to soaring gold prices.

"U.S. coins made before 1964 are most sought after by collectors. Coins made before 1964 are 90% silver and valuable because of the silver content or could be worth even more if one happens to be a rare date."

Expert buyers for the Roadshow have noticed a tremendous increase in the amount of gold coming to the

Roadshow and for good reason. Record gold prices have Roadshow guests cashing in on broken jewelry or jewelry they don't wear anymore with our "fair and honest" purchase offers.

The Roadshow encourages anyone planning a visit to take a minute and examine their jewelry box or their lock box at the bank and gather anything that's gold. If a guest is not sure if something is gold, bring it anyway and the Roadshow staff will test it for free. Other gold items of interest include gold coins, gold ounces, gold proof sets and dental gold.

Other types of items Roadshow experts hope to see include old toys and train sets. Archie Davis, roadshow toy expert spoke about some of the top toys getting great offers. "Old tin windup toys from the late 1800's through the 1960's are in great demand now," said Davis, "Especially those that are character related. Mickey Mouse, Donald Duck, the Flintstones or any character toys are sought. Old Buddy L toys from the 1920's to 1960's are in demand." Basically any toys made before 1965 are wanted. Train sets made by Lionel,

American Flyer, Marklin and others have the potential to fetch high prices. Davis also stressed, "Toys with boxes and in mint condition bring sensational prices. Most of the toys that come to the Roadshow are not in perfect shape but can still bring good prices from

collectors." When expert Tom Fuller was asked what he enjoyed most about working at the Roadshow, he was quick to answer "Old coins and paper currency. For as long as I can remember I have been fascinated with collecting coins."

I would go through the change in my parents grocery store looking for rare dates and errors. Once, I found a silver quarter that I sold for \$300.00. Not bad for an 8 year old."

Fuller went on to explain that any U.S. coins made before 1964 are most sought after by collectors. Coins made before 1964 are 90% silver and valuable because of the silver content or could be worth even more if one happens to be a rare date. "We help people sort through their coins for unique dates. We buy all types of coins at the Roadshow from wheat pennies to buffalo nickels, which
