Put your harvesting on fast-forward. MacDon

Be more productive with our best mower conditioner yet with up to 20% more capacity.

In our never-ending quest to perfect the harvesting experience, MacDon offers the latest advance in hay and forage harvesting - the MacDon A30-D Pull-Type Mower Conditioner. Incorporating MacDon's extensive harvesting knowledge and experience, we've optimized this double knife drive machine's performance at every contact point with the crop.

This has significantly improved overall cutting and conditioning performance and provided an increase in ground speed over previous MacDon Mower Conditioners. The A30-D's design improvements are extensive and include adjustable conditioning, a new heavy-duty cutterbar design, a double knife drive system and a beefed up, easier to attach hitch. The result is a commercial quality machine that the high acreage producer can depend on to get the job done while maximizing the nutrient value of his crop.

A30-D MacDon Mower Conditioner
