FOUR-DIMENSIONAL BREAST CARE

Digital Mammography + Lumpectomy = Coleen's Avera Story

avera | *Coleen's Story*

"When my surgeon first told me that I had cancer, he said, 'You know, you're not alone. It's not just me. You have a whole team of support. We'll get you the best care we can.'"

See Coleen's story at
Avera.org/mammo

With 3-D mammogram technology, Avera has added a new dimension to its services. **Our innovative fourth dimension of care encompasses a mind, body, spirit approach** to working with you. This is in line with our health ministry and the entire breast care program, which uses breast care technology only available in our region at Avera. We tackle breast cancer diagnosis, treatment and support with the belief that every woman is unique. Avera — breast care that's as multidimensional as you. Talk to your primary care provider to see if a 3-D mammogram is right for you.
