PHEASANT HUNTERS

The Challenge! The Thrill! The Excitement!
Get Ready for Action with these Specials!

WINCHESTER® IS LOK'D & LETHAL WITH ROOSTER™ XR™

Upland hunters rely on long-range lethality when it comes to flushing out ringnecks. Winchester® Ammunition is proud to introduce its most innovative pheasant load, the new Rooster™ XR™.

Shot-Lok Technology, found in Rooster XR, is a hardened resin that eliminates air space around the pellets preventing movement, which ultimately leads to virtually no pellet deformation.
