Attention Landowners

Are you receiving a fair and reasonable rent from your farmland? Cropland rents have increased significantly and chances are that you have fallen behind on your rental agreements. With grain prices at all time highs, it is a great time to get your lease arrangement current and increase your income substantially. Call for a confidential analysis of your farming operation, which will help you make decisions that are in your best interest. Let my 40 years of experience in farm and ranch management work for you.

Q. What do most producers consider the absolute, hands-down, most cost-efficient method to dry grain?

A. When you run your bin fans on a LOW humidity fall day, and just let dry fall air effectively, efficiently take grain moisture out. NOW YOU JUST NEED MORE LOW HUMIDITY DAYS! Now, teaming up Econodri Transitions with VAL 6 high-intensity radiants can provide a hybrid effect of drying air, and raising air temps, with remarkable fuel economy, reliability, and ease of expansion....plus a space heater that you'll use all winter in your shop! Call now to arrange a **FREE DEMO** and YOU be the judge if it's a fit for YOUR operation!
